Darth Tyranus / Count Dooku

Count Dooku was a menacing Sith Knight (then Lord) and central figure in the Clone Wars. Once a **Jedi** -- trained by Yoda -- he became disillusioned with the **Jedi** Order and thirsted for greater power. Dooku voluntarily left the light side behind and became Darth Sidious' dark side disciple, taking the secret name Darth Tyranus and leading the Separatist army. Dooku advanced Sidious's secret plot to take over the galaxy, but forgot that betrayal is the nature of the Sith.

Highlight in the reader

The screenshot displays the 'Administration' sidebar on the left with options: Administration (selected), Knowledge Hub, Users, Design, Portal, and General. The main content area is titled 'Reader page' and includes a description 'Configure Reader page parameters.' Below this are four tabs: 'Classic interface', 'Designed interface', 'General', and 'Search bars' (which is active and highlighted in dark blue). The 'Search bars' section is titled 'Search bars' and has the description 'Displays search bars for structured documents.' It contains three settings: 'Search in current document' (checked), 'Highlight exact matches in content' (checked), and 'Search in all documents' (unchecked).

Feature Showcase

 The Search & Reader Designer 

Previously...

01.

Page Designer fundamentals

Review of the components: how to arrange them, configure them, style them and adapt them to different resolutions.

02.

Custom component

If you want to develop your own component, it's possible: add your HTML, CSS and JS and test it!

03.

Shared component

If you want to reuse a component you've created anywhere else: create, transform and reuse!

Today...

01.

Search results Designer

Manage one **search results page** and as many **result templates** as needed.

02.

Reader Designer

Manage multiple **reader pages** and as many **topic templates** as needed.

Contextual components

In the context of Reader, many components are available to design a tailor-made interface.

A close-up photograph of a person's hands assembling black plastic building blocks on a light-colored surface. The hands are positioned in the center-left of the frame, with one hand holding a block and the other reaching towards it. Several other blocks are scattered on the surface in the foreground and background, which are slightly out of focus. The lighting is soft and even.

Hands-on training

Let's build our own reader page!
